

REACHING HIGHER IMPACT GRAPH – ALL SCHOOLS

SECOND SEMESTER RESULTS 2018

All areas surveyed showed an average gain of 36 percentage points from pre to post survey. Greatest growth was reflected in Decision-Making which increased by 40 percentage points. Goal Setting and Efficacy increased by 37 percentage points respectively. While Caring increased by 30 Percentage points.

Reaching Higher Overarching Themes:

- **Decision-Making:** a measure of one's ability to make decisions that lead toward successes in school and life.
- **Goal-Setting:** a measure of one's ability to set goals and take purposeful actions to reach those goals.
- **Self-Efficacy:** a measure of one's own competence to complete tasks and reach goals, specifically a belief in one's ability to succeed in specific situations.
- **Support From and Toward Others:** a measure of one's perception of others caring for oneself and oneself caring for others, including taking intentional actions to support or help.
